**Purpose of Inspection:**  
Check the site while in the area.

**Directions to Site:**  
See previous inspection memos.

**Inspection Summary:**  
The external area of the site remains the same as it appeared during my last inspection in September 28, 2005. No one was around when I was at the site so I did not enter the openings. I took pictures of the site and the openings and they are attached to this report.

**Conclusions and Recommendations:**  
The site appears to be developing slowly, I will continue to monitor the site when I am in the area.
